

Fair Price Report
real repair records, not a labor guide

Report FPR-397ac2df896b

Issued September 2, 2026

Data as of July 2026

fixdozer.com/repair-cost/toyota/camry/water-pump-replacement/

Toyota Camry — Water Pump Replacement

What owners actually paid for this repair, computed from **real, paid Toyota Camry water pump replacements** at independent shops across the US.

\$448

typical total — half of all Toyota Camry water pump replacement jobs cost less, half cost more

Fair range **\$304 – \$687**

the middle half of all invoices
(parts + labor + fees)

LINE ITEM	LOW (1 IN 4 PAID LESS)	TYPICAL	HIGH (3 IN 4 PAID LESS)
Parts — Water pump	\$97	\$133	\$222
Water pump with gasket, coolant; often the belt or thermostat			
Labor — 2.7 hrs typical	\$163	\$260	\$369
Range 2 – 4 hrs: drain, remove belt and accessories as needed, replace pump, refill, bleed, pressure-test			
Shop fees, supplies & tax	—	~\$55	—
The remainder of a typical invoice after parts and labor; varies by state and shop			
Total — what owners paid	\$304	\$448	\$687

Low / typical / high are computed per line, so they don't add up exactly to the totals — the total row is the real distribution of complete invoices.

IS YOUR QUOTE FAIR?

A quote between **\$304 and \$687** is inside the band where half of all Toyota Camry water pump replacements landed. Below it is not automatically a bargain (belt-driven pump in the open, coolant topped up); above it is not automatically gouging (timing-belt-driven pump (belt job at the same time), thermostat and hoses renewed) — but both ends deserve a question.

WHAT MOVES THE PRICE

- **Belt-driven or timing-driven** — a pump behind the timing belt is a timing-belt job — the biggest price fork here.
- **While it's drained** — thermostat and hoses are often renewed.

ABOUT THIS DATA · HOW TO USE THIS REPORT

Vehicle **Toyota Camry, model years 1987–2019**
Data confidence **Good** — *good sample, dependable ranges*
Records through **July 2026**, refreshed continuously
Source **paid invoices from independent US repair shops**

Bring it to the shop. Ask for the written estimate split into parts, labor hours and rate, and fees — then compare each line. A shop that explains a number above the range is doing its job; one that won't is telling you something too.

NOT A QUOTE This report describes what other owners paid for the same repair. Your year, engine, region and the parts chosen shift the number. FixDozer does not perform repairs and receives nothing from shops.
