

Dodge Grand Caravan — Car Battery Replacement

What owners actually paid for this repair, computed from **real, paid Dodge Grand Caravan car battery replacements** at independent shops across the US.

\$210

typical total — half of all Dodge Grand Caravan car battery replacement jobs cost less, half cost more

Fair range **\$147 – \$310**

the middle half of all invoices
(parts + labor + fees)

LINE ITEM	LOW (1 IN 4 PAID LESS)	TYPICAL	HIGH (3 IN 4 PAID LESS)
Parts — Battery	\$101	\$134	\$186
Correct group-size battery for the vehicle, installed; core exchange			
Labor — 0.8 hrs typical	\$30	\$56	\$106
Range 0.5 – 1.3 hrs: test charging system, replace battery, clean terminals, register or reset the battery monitoring system where equipped			
Shop fees, supplies & tax	—	~\$20	—
The remainder of a typical invoice after parts and labor; varies by state and shop			
Total — what owners paid	\$147	\$210	\$310

Low / typical / high are computed per line, so they don't add up exactly to the totals — the total row is the real distribution of complete invoices.

IS YOUR QUOTE FAIR?

A quote between **\$147 and \$310** is inside the band where half of all Dodge Grand Caravan car battery replacements landed. Below it is not automatically a bargain (economy battery, charging test skipped); above it is not automatically gouging (AGM battery for start-stop or heavy accessories, corroded cables, a battery mounted under a seat or fender) — but both ends deserve a question.

WHAT MOVES THE PRICE

- **AGM vs. flooded** — AGM batteries run well above a standard flooded battery in parts.
- **Cables and terminals** — corroded ends add parts and time.
- **Registration** — many newer vehicles need the new battery registered to the car.
- **Charging-system test** — a good shop confirms the alternator first.

ABOUT THIS DATA · HOW TO USE THIS REPORT

Vehicle **Dodge Grand Caravan, model years 1988–2020**
Data confidence **High** — *large sample, stable ranges*
Records through **July 2026**, refreshed continuously
Source **paid invoices from independent US repair shops**

Bring it to the shop. Ask for the written estimate split into parts, labor hours and rate, and fees — then compare each line. A shop that explains a number above the range is doing its job; one that won't is telling you something too.
