

Fair Price Report
real repair records, not a labor guide

Report FPR-ae5cd7eb0b8d

Issued September 2, 2026

Data as of July 2026

fixdozer.com/repair-cost/honda/civic/brake-pad-replacement/

Honda Civic — Brake Pad Replacement

What owners actually paid for this repair, computed from **real, paid Honda Civic brake pad replacements** at independent shops across the US.

\$301

typical total — half of all Honda Civic brake pad replacement jobs cost less, half cost more

Fair range **\$201 – \$468**

the middle half of all invoices
(parts + labor + fees)

LINE ITEM	LOW (1 IN 4 PAID LESS)	TYPICAL	HIGH (3 IN 4 PAID LESS)
Parts — Brake pads Pad set for one axle with hardware; rotors resurfaced or reused	\$65	\$91	\$195
Labor — 1.8 hrs typical Range 1.3 – 2.5 hrs: replace pads, service caliper slides and hardware, check rotors, road test	\$104	\$150	\$214
Shop fees, supplies & tax The remainder of a typical invoice after parts and labor; varies by state and shop	—	~\$60	—
Total — what owners paid	\$201	\$301	\$468

Low / typical / high are computed per line, so they don't add up exactly to the totals — the total row is the real distribution of complete invoices.

IS YOUR QUOTE FAIR?

A quote between **\$201 and \$468** is inside the band where half of all Honda Civic brake pad replacements landed. Below it is not automatically a bargain (economy pads, hardware reused, no rotor service); above it is not automatically gouging (premium or OEM pads, rotors resurfaced, seized slide pins freed up) — but both ends deserve a question.

WHAT MOVES THE PRICE

- **Pad grade** — ceramic and OEM pads cost more than economy semi-metallic.
- **Rotor condition** — pads-only works when rotors are thick and smooth; otherwise it becomes a pads-and-rotors job.
- **Hardware and slides** — cleaning and lubricating the caliper hardware is what keeps new pads quiet.

ABOUT THIS DATA · HOW TO USE THIS REPORT

Vehicle **Honda Civic, model years 1981–2025**
Data confidence **High** — *large sample, stable ranges*
Records through **July 2026**, refreshed continuously
Source **paid invoices from independent US repair shops**

Bring it to the shop. Ask for the written estimate split into parts, labor hours and rate, and fees — then compare each line. A shop that explains a number above the range is doing its job; one that won't is telling you something too.

NOT A QUOTE This report describes what other owners paid for the same repair. Your year, engine, region and the parts chosen shift the number. FixDozer does not perform repairs and receives nothing from shops.
