

Fair Price Report
real repair records, not a labor guide

Report FPR-dcd521c3369b

Issued October 2, 2026

Data as of July 2026

fixdozer.com/repair-cost/ford/focus/battery-replacement/

Ford Focus — Car Battery Replacement

What owners actually paid for this repair, computed from **real, paid Ford Focus car battery replacements** at independent shops across the US.

\$222

typical total — half of all Ford Focus car battery replacement jobs cost less, half cost more

Fair range **\$166 – \$308**

the middle half of all invoices
(parts + labor + fees)

LINE ITEM	LOW (1 IN 4 PAID LESS)	TYPICAL	HIGH (3 IN 4 PAID LESS)
Parts — Battery	\$119	\$141	\$177
Correct group-size battery for the vehicle, installed; core exchange			
Labor — 0.8 hrs typical	\$32	\$58	\$103
Range 0.5 – 1.3 hrs: test charging system, replace battery, clean terminals, register or reset the battery monitoring system where equipped			
Shop fees, supplies & tax	—	~\$23	—
The remainder of a typical invoice after parts and labor; varies by state and shop			
Total — what owners paid	\$166	\$222	\$308

Low / typical / high are computed per line, so they don't add up exactly to the totals — the total row is the real distribution of complete invoices.

IS YOUR QUOTE FAIR?

A quote between **\$166 and \$308** is inside the band where half of all Ford Focus car battery replacements landed. Below it is not automatically a bargain (economy battery, charging test skipped); above it is not automatically gouging (AGM battery for start-stop or heavy accessories, corroded cables, a battery mounted under a seat or fender) — but both ends deserve a question.

WHAT MOVES THE PRICE

- **AGM vs. flooded** — AGM batteries run well above a standard flooded battery in parts.
- **Cables and terminals** — corroded ends add parts and time.
- **Registration** — many newer vehicles need the new battery registered to the car.
- **Charging-system test** — a good shop confirms the alternator first.

ABOUT THIS DATA · HOW TO USE THIS REPORT

Vehicle **Ford Focus, model years 2000–2018**
Data confidence **High** — *large sample, stable ranges*
Records through **July 2026**, refreshed continuously
Source **paid invoices from independent US repair shops**

Bring it to the shop. Ask for the written estimate split into parts, labor hours and rate, and fees — then compare each line. A shop that explains a number above the range is doing its job; one that won't is telling you something too.

NOT A QUOTE This report describes what other owners paid for the same repair. Your year, engine, region and the parts chosen shift the number. FixDozer does not perform repairs and receives nothing from shops.
